ASSE Strategic Pillars

Working together for a safer, stronger future
Membership Communities

ASSE is where occupational safety and health professionals find a vibrant community—one that helps them grow professionally through education and networking, and advocates for the profession.
What’s Happening in Member Communities?

- Membership is growing!

- Member engagement & collaboration tools – Launching on assp.org September 2018!

- Emerging Professionals Task Force
Education

ASSE is the preferred source for education among safety professionals, providing valuable training, networking, knowledge, skills and continuing education.
What’s Happening in Education?

- Records are being broken!
  - Seminarfest 2018, 1148 attendees (compared to 1102 in 2017)
  - SAFETY 2018 (currently tracking towards a record year)

- Microlearning

- LearnEx
  - Prevention Through Design
  - Essential Risk Assessment Tools for Safety Professionals
  - ISO 45001 certificate program
Standards

ASSE is a leader in the evolution of voluntary occupational safety and health standards that reflect recognized best practices, both in the United States and internationally.
What’s Happening in Standards?

- ISO 45001
  - Global standard for occupational health and safety management systems
  - [http://iso45001.asse.org/](http://iso45001.asse.org/)

Newly Revised
- Z359 – fall prevention
- Z15 – fleet safety
- Z390 – hydrogen sulfide
- B11 – machine safety
- Z117 – confined spaces
Advocacy

ASSE strives to uphold and elevate the value of the safety and health profession through innovation, thought leadership, and objective, unbiased, science–based approaches to safety and health practices.
What’s Happening in Advocacy?

- Singapore Accord
- Council on Academic Affairs & Research
- Active shooter technical report
- Research workshop to improve workplace safety
- Outreach on safety issues impacting
  - Immigrant workers
  - Women
